Welcome to the 2019 edition of Mohican West & Guest

We want to extend a hardy welcome to all of you to attend what we feel is the best sale offering we have ever put together. There is a very special offering of some of the very first Boyd 31Z Blueprint 6153 calves available for sale. They are the kind to move a herd in a very positive manner. We appreciate the very good comments from breeders all across the country on how well they like their Blueprint calves.

We are equally excited about the calves sired by 4013. They are very stout, uniform and eye appealing. Their structure is excellent. Several herd bull prospects are in the offering as well as several feature heifer calves.

Our tradition continues by offering one of our proven herd sires. This year we chose TH 512X 17Y Lambeau 404D ET. This is a bull we have used successfully and he has done an excellent job for us. He is young, very sound and ready to handle a large number of cows.

We again welcome Fred and Doreen McMurry. They are bringing a very high quality offering again this year. They always select from the top of their herd.

We have had a very good year in our part of Montana. We thank all of you that have expressed confidence in our breeding program and welcome you back. We feel you will be impressed with this years selections.

Let me now if we can be of service in any way. We look forward to seeing you sale day.

Terry Powlesand

Lot 1

Selling 3/4 interest and full possession.

An extremely high quality herd bull prospect that is dark red, stylish, high performing and numbered up well. He can improve carcass traits for both REA and Marbling which is hard to find. His sire Blueprint is a leading seller in the Genex Cooperative Stud.

• BW 83 LBS.
• Selling 3/4 interest and full possession.
One of the good ones that just gets better everyday. He resembles his sire, has a beautiful mother and a strong genetic profile.
He is backed by several strong females which tells us he will leave a great set of daughters.

- Selling 1/3 interest and full possession.
- Co-owned with Topp Herefords, ND and Castle Cattle Co., Australia

- A big bodied beef bull that is easy on the eye. His dam is a full sister to the popular breeding bull TH 122 71I Victor 719T.
- We like his birth to yearling spread and strong maternal traits. We are really pleased with his offspring and offer three bred yearlings in this sale as a sample of the quality of his calves.
- We used him two years on yearling heifers without issues.
- He is offered because we have a tradition of selling a mature herd sire each year. He sells with 60 units of semen.

• We can't begin to describe how happy we are with this breeding bull. She has produced herd sires, Beef 38W and Long Range 203D, for them along with numerous daughters that are working in their herd. Salute does it all....calving ease, growth and his daughters are exceptional brood cows. Pay attention to his offspring selling as they are certainly sale features and great investment opportunities.

• Co-owned with Cody & Shawna Chabot, Sundance, WY.
 • This young sire is new to our program bringing us a new line of genetics. We are pleased with the Red Power 456B and Hometown 27A cattle we see and believe this lad can be a strong contributor to our program.

The McMurry Family extends a warm Thank You to Mohican West, the Stitzlein Family and Terry Powlesland for our continued participation in the Mohican West and Guests sale event, along with a Thank You to all who have supported this sale over the years.

The McMurry Cattle breeding program has focused on blending added value performance and exceptional maternal genetics. Our cattle must do well under harsh dryland Montana conditions. They are not pampered.

We appreciate Dale Stith's involvement in the selection process and are certain that the 2019 offering brings you our best.
Thank You,
Fred & Doreen McMurry

Genetic Defects: All cattle selling are guaranteed free of all known genetic defects recognized by the American Hereford Association as of September 26, 2019

Insurance: Insurance will be available through Harding and Harding. Please see the sale cashier for your insurance needs.

EPD'S: EPDs are updated regularly by the AHA, so we cannot guarantee the EPD's listed in the catalog. The EPDs are from the August 2019 Evaluation of the American Hereford Association.

Health: Proper health papers will be available.

Lunch: Lunch will be available sale day.

Trucking: Trucking will be at cost to buyer to central points. Buyer responsible for pickup from central points.

Bids: The auctioneer in charge will have final say in regard to all final bids. We hope everyone can attend, but those who cannot may mail or call bids to either of the sale managers or any of the representatives.

Catalog: Statements made from the auction box take precedence over printed material in this catalog.
