LOTS 37-44

Once again, the McMurry family extends appreciation to Mohican West and the Stitzlein family for our participation in this sale. Also, a warm welcome to the Agar family.

Our cow herd has remained in good condition during Montana's 2021 adverse and record drought. The sale offering are cattle that should adapt to any destination. Our genetic offering will be an outcross for many programs. We have focused on added value udder quality, balanced trait selection and influence from outstanding Hereford bulls and females.

Our thanks to all who have supported past sales and to those breeders who evaluate our cattle this year.

Sincerely,

Fred and Doreen McMurry

- Homozygous Polled. An own daughter of DR World Class 517 10H from a strong Square-D bred female. Sound structure with added cosmetics.
- Safe from pasture exposure to MC DHZ5 132E Whitmore 2030, Reg. #44297097, due March 10, 2022. This is an exciting yearling herd sire, maternal brother to Boyd Ft Knox 4040. He is sired by an NJW-bred LJR Whitmore 10W son, 132E. His dam has udder quality as strong as can be found and she is powerful. This yearling bull has added length and volume. He is heavily pigmented and short-marked. This is a feature mating!

- Homozygous Polled. An attractive female that has been trouble free. This cow family has produced above average calves. There is calving ease and strong mothering ability here. The pedigree is anchored by a great female, DDR Victoria 964 8D01.
- Safe to AI service on April 25, 2021 to MC 1610 D287 Daybreak 2012, Reg. #44177464. This is a Homozygous Polled bull produced by our DOD LJR Whitmore 10W cow, 1610. Due on or before Feb. 4, 2022. This mating will produce a predictable brood cow or a herd bull prospect.
